AT POLICE COMMISSION MEETING YESTERDAY OFFICER TWOMBLY WAS DISMISSED FROM FORCE—STARK'S RESIGNATION ACCEPTED

A meeting of the police commission was held yesterday morning. Commissioner Foard being absent from the city, Messrs. Page and Laurin composed the board at this meeting. The resignation of Patrolman John Stark, which was demanded by the board, was read and accepted. The resignation of Officer Twombly, also demanded, was not in evidence and the commission then issued an order for his dismissal from the force.

Joseph B. Wilson, a former member of the force, was appointed to fill one of the vacancies. The evidence taken at the recent investigation will be corrected by the stenographer, and will then be public property on file with the city auditor.

In an interview with an Astorian reporter, yesterday afternoon, Judge Page stated that the board of police commissioners were determined to control the police department, and that at least the chairman of the board would see to it that the police officers would do as they were told. No insubordination would be tolerated, and when officers refused to obey orders, a summary dismissal would follow. The commission, he stated, was amenable only to the taxpayers and were responsible for the actions of the police department, to the people only. They would issue their orders and these orders would have to be obeyed. It is claimed by many that the commissioner has no cause for fault finding, in this respect, as that is what the police officers are doing, just what they are told. The action of the commission all through the trial, of the warring officers, recently, has been the subject of much comment, and objection has been made that sufficient publicity has not been given to the transactions of this august body. The public is not admitted to the meetings, or even informed when they will take place nor are the proceedings, in full, given to the press when requested.
